ALEXANDRIA, VA., WEDNESDAY EVENING, JULY 18, 1906.

PRICE 2 CENTS.

They Stand Alone.

Standing out in bold relief, all alone, and as a conspicuous example of open, frank and honest dealing with the sick and afflicted, are Dr. Pierce's Favorite Prescription for weak, over-worked, debilitated, nervous, "run-down," pain-racked women, and Dr. Pierce's Golden Medical Discovery, the famous remedy for weak stomachs, indigestion, or dyspepsia, torpid liver, or biliousness, all catarrhal affections whether of the stomach, bowels, kidneys, bladder, nasal passages, throat, bronchus, or other mucous passages, also as an effective remedy for all diseases arising from thin, watery or impure blood, as scrofulous and skin affections.

Each bottle of the above medicines bears upon its wrapper a badge of honesty in the full list of ingredients composing it—printed in plain English. This frank and open publicity places these medicines in a class all by themselves, and is the best guaranty of their merit. They cannot be classed as patent nor secret medicines for they are neither.

Dr. Pierce feels that he can afford to take the afflicted into his full confidence and lay all the ingredients of his medicines freely before them because these ingredients are such as are endorsed and most strongly praised by scores of the most eminent medical writers as cures for the diseases for which these medicines are recommended. Therefore, the afflicted do not have to rely alone upon Dr. Pierce's recommendation as to the curative value of his medicines for certain easily recognized diseases.

A glance at the printed formula on each bottle will show that no alcohol and no harmful or habit-forming drugs enter into Dr. Pierce's medicines, they being wholly compounded of glyceric extract of the roots of native American forest plants. These are best and safest for the cure of most lingering, chronic diseases.

Dr. R. V. Pierce can be consulted FREE, by addressing him at Buffalo, N. Y. and all communications are regarded as sacredly confidential.

It is as easy to be well as ill—and much more comfortable. Constipation is the cause of many forms of illness. Dr. Pierce's Pleasant Pellets cure constipation. They are tiny, sugar-coated granules. One little "Pellet" is a gentle laxative, two a mild cathartic. All dealers in medicines sell them.

TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having an Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure that she has dandruff to amount to anything. In nearly every case where women and men have this brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff. But not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy" is the cause, and you remove the effect," said by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

BROTHERHOOD OF LOCOMOTIVE ENGINEERS.

There are fifty-four thousand locomotive engineers in the United States, Canada and Mexico, who stand together in a single brotherhood. They compose, perhaps, the most respected, dignified and effective labor organization in the world. Recently they met at Memphis by their delegates, and in wisdom and decorum remained in session for four weeks. No disagreements, no scandals, no threats, no foolishness came out of their close, sagacious and intelligent assembly.

An Iowa man, Warren Sanford Stone, is their chief. He is forty-six years old, hearty, candid and cool, and has pulled everything from a local freight to a limited. In a recent interview he said: "The policy of the Brotherhood has been to mind its own business and to keep out of entangling alliances."

"That is an accurate statement of our position. We are condemned for our lack of sympathy and so on, but we reply, 'Look at our results.' We should be in trouble all the time if, for instance, we should refuse to haul 'unfair goods' or the products which come from factories, mines, etc., where there are strikes. We are constantly bettering our wages and conditions, and, therefore, point to our achievements as a justification for our policy."

"Can you order a strike?"

"No, but I can stop one if it is threatened. The weakness of nearly all organizations of labor lies in the initiative power given to general officers. Each subdivision in the Brotherhood has a committee of three to settle difficulties which arise within that jurisdiction. When that body fails the matter is taken to the general committee of adjustment, composed of the chairman of all the subdivisions on that particular railroad system. If there is no agreement a grand officer is summoned and put in charge of the situation. The deadlock continuing, the grand chief states the case in plain English, prints it into a circular and sends a copy to every engineer. The engineer votes, over his own name, and returns the ballot to headquarters. No less than two-thirds of the membership can carry a strike, and even then the grand chief is empowered to veto it."

"Neither do we countenance insubordination nor incompetency. I also insist that engineers must pay their legitimate dues. I suppose we have men who drink while on duty, but when we find them out we drop them from the Brotherhood and inform their employers. It is up to the railroads then. If a Brotherhood man refuses to obey the orders of his superintendent or chief he is expelled forthwith. We say to all engineers: 'Do as you are told. If it is something you think you shouldn't do make complaint to us. We shall investigate the matter, and if you are in the right we shall stand by you. However, if you are guilty of insubordination you are outside of your rights and must leave the Brotherhood.'"

Try a little KODAL FOR DYSPEPSIA after your meals. Many stomachs are overworked to the point where they refuse to go further. Kodol digests your food and gives your stomach the rest it needs, while its constructive properties get the stomach back into working order. DISLOYALTY IN RUSSIAN ARMY.

The Twentieth Century, formerly the St. Petersburg Russ, claims that the reports submitted by the commission of the general staff on the investigation of the disaffection in the army thus far show that 6 guard regiments, 26 line, 7 cavalry, 6 artillery and 5 sapper regiments are more or less affected by the revolutionary propaganda. In fact, the loyalty of any of these troops can no longer be depended upon.

The czar has degraded the Seventh Cavalry, which recently mutinied at Tashkent, by taking away the imperial standard conferred on the regiment two years ago.

A second monument to the memory of the revolutionists who lost their lives during the recent uprising was erected at Mitau during the night in the public square. It bore a warning that death would be the punishment for anyone furnishing horses to remove it. Soldiers carted the monument away.

Considerable alarm has been caused by the inauguration of a strike of police in St. Petersburg. In two districts of the capital yesterday the policemen refused to appear for duty, and Monday night one squad, whose captain was lecturing them on declining to break up a meeting, threw down their arms and left the station.

The strike is ostensibly based on economic reasons, including an accounting of the men's savings, which, it is claimed, are withheld without interest. The authorities, however, declare that the strike was inspired by agitators.

According to dispatches from various sections of the empire, mobs are still engaged in slaying people and burning property. Russian peasant disorders are

A TRULY IDEAL WIFE

HER HUSBAND'S BEST HELPER

Vigorous Health Is the Great Source of Power to Inspire and Encourage—All Women Should Seek It.

One of the most noted, successful and richest men of this century, in a recent article, has said, "Whatever I am and whatever success I have attained in this world I owe all to my wife. From the day I first knew her she has been an inspiration, and the greatest helpmate of my life."

Mrs. Bessie Ansley

To be such a successful wife, to retain the love and admiration of her husband, to inspire him to make the most of himself, should be a woman's constant study.

If a woman finds that her energies are flagging, that she gets easily tired, that shadows appear under her eyes, that she has backache, headaches, bearing-down pains, nervousness, irregularities or the blues, she should start at once to build up her system by a tonic with specific powers, such as Lydia E. Pinkham's Vegetable Compound.

Following we publish by request a letter from a young wife: Dear Mrs. Pinkham: "Ever since my child was born I have suffered, as I hope for women ever have, with indigestion, female weakness, bearing-down pains, backache and wretched headaches. It affected my stomach so I could not enjoy my meals, and half my time was spent in bed. Lydia E. Pinkham's Vegetable Compound made me a well woman, and I feel so grateful that I am glad to write and tell you of my marvelous recovery. It brought me health, new life and vitality." Mrs. Bessie Ansley, 811 South 10th Street, Tacoma, Wash.

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Ansley it will do for every sick and ailing woman. If you have symptoms you don't understand write to Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, at Lynn, Mass. Her advice is free and always helpful.
